Vote 

NOvember 3rd!

Keep Idaho safe for women and the unborn...

VOTE NO

on PROP 1!

Prop 1 permits late-term abortions.

Prop 1 excludes parents.

Prop 1 allows non-physicians to provide abortions.

Prop 1 shields abortion providers from liability.

- Abortions could take place any time before “fetal viability.”
- The measure redefines “fetal viability” in a subjective way, which could allow abortions well into the third trimester

“"Fetal viability" means the point in a pregnancy when, on the basis of a physician's good faith medical judgment…the fetus has a significant likelihood of sustained survival outside of the uterus without extraordinary medical measures.” (Section 5d)

Current Idaho law

Licensed physicians may use their judgment to provide care for miscarriages and ectopic pregnancies, supporting both the mother and the unborn child.

- The measure uses the general term “person” to refer to anyone seeking an abortion.
- No provisions are made for informing the parents of minors seeking an abortion.

“Every person has the right to reproductive freedom and privacy…” (section 2a)

Current Idaho law

Parents and guardians must be informed and consulted for any medical procedures involving their children.

- Before abortion was made illegal in Idaho in 2022, it was a requirement that abortions be performed by licensed physicians.
- This measure allows “entities” to provide abortion services, with no requirement of a physician’s license.

"Health care provider" means a licensed person or an entity that provides health care or medical treatment.” (Section 5f)

Current Idaho law

Licensed physicians may use their judgment to provide medical treatments to save the life of a mother at risk, even if it results in the death of the unborn child.

- Healthcare providers would be shielded from civil and criminal liability when providing abortion services.
- Healthcare providers would be shielded from professional discipline when providing abortion services.

“In no case may reproductive health care provided consistent with this act by a health care provider be a basis for professional discipline, civil liability, or criminal liability…” (section 2e)

Current Idaho law

Any healthcare providers may be sued and disciplined for providing healthcare irresponsibly, no matter the procedure or treatment.

Why do women oppose Prop 1?

Why do churches oppose Prop 1?

Why does our Church oppose Prop 1?

“There are already laws in Idaho protecting the life of a mother in a medical necessity. Proposition 1 is clearly designed to increase and promote elective abortions against the will of the people.”

Dr. Paul Sanchirico, MD
Diagnostic Radiology Specialist
Lewiston, ID

“I am voting NO on Prop 1 because abortion is not healthcare-it is the intentional killing of a child.”

Dr. Katherine Aberle, MD
ENT Surgeon
Coeur d’Alene, ID

“Proposition 1 is extreme, deceptive, and medically unsafe. It does not protect women; it endangers them and strips parents of their rights while expanding late-term abortion.”

Idaho Physicians Open Letter
Signed by 59 Idaho physicians
Sept 25, 2026

“Christians guided by the truths of God’s Word should recognize the grave threat abortion represents for our preborn neighbors and should promote a culture of life. “

THE ETHICS & RELIGIOUS LIBERTY COMMISSION
OF THE SOUTHERN BAPTIST CONVENTION

“We join with other like-minded individuals and organizations working against this initiative and encourage our members to voice their opposition to it in a respectful manner consistent with prophetic direction of always demonstrating Christlike love and civility in political discourse.”

THE CHURCH OF JESUS CHRIST OF LATTER-DAY SAINTS

“As your Bishop, I must speak clearly: Prop 1 is radically pro-abortion and would legalize late-term abortions into the third trimester. If passed, Prop 1 would remove nearly all protections for pre-born babies and put vulnerable women at risk..... Prop 1 is too extreme for Idaho, and we must **vote NO** this fall on this ballot initiative.”
